

# Flowform® Mobile Storage

## Straight Unit with Shelves

MODEL #: SMSFS57AL

### OVERVIEW

Flowform® Mobile Storage offers a new approach to organization in the classroom. The units are equipped with either totes or shelves and can be adjusted and configured in a variety of ways.

### MATERIALS

The END PANELS are a 16-gauge steel interior shell, wrapped in a cushioned vinyl exterior. The tubular steel sub-frame is constructed of 14-gauge steel, which supplies the unit solid construction. The end panels are capped off with a plastic handle that is color matched to the vinyl of your choosing.

The unit's horizontal top SURFACE is a 25mm thick while the vertical surfaces are 18mm thick -- both consisting of a 45 lb density particle board core with a low pressure laminated surface. The edge of the work surface features an ABS plastic 2mm flat seld edge which matches the work surface laminate.

Shelves are adjustable in 1.25" or 32mm increments.

### LAMINATE & MATCHING 2MM EDGE

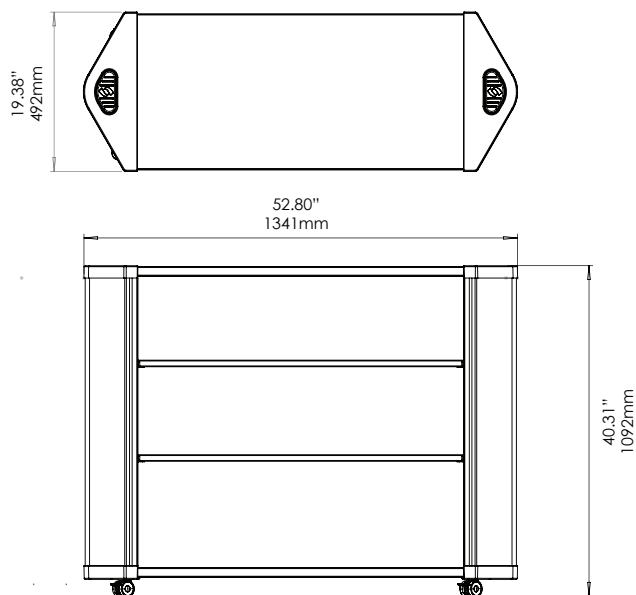

### DESIGNTEX

#### FABRIC & MATCHING CAP COLORS:

### DIMENSIONS

Description	D	W	H
Shelves/WITH Back Panel	19"	53"	40"
	482mm	1346mm	1016mm

25mm thick 45 lb density particle board core

16-gauge steel interior shell

cushioned 100% phthalate free vinyl exterior

### WHITEBOARD BACK AVAILABLE!

The optional magnetic whiteboard back panel is not needed to increase rigidity. When no back panel is installed, the unit has a pass through design for access from both sides.
