

Flowform™ Mobile Storage

curved unit with totes

MODEL #: SMSFS57BL

OVERVIEW

Flowform Mobile Storage offers a new approach to organization in the classroom. The units are equipped with either totes or shelves and can be adjusted and configured in a variety of ways.

MATERIALS

The END PANELS are a 16-gauge steel interior shell, wrapped in a cushioned vinyl exterior. The tubular steel sub-frame is constructed of 14-gauge steel, which supplies the unit solid construction. The end panels are capped off with a plastic handle that is color matched to the vinyl of your choosing.

The unit's horizontal top SURFACE is a 25mm thick while the vertical surfaces are 18mm thick -- both consisting of a 45 lb density particle board core with a low pressure laminated surface. The edge of the work surface features an ABS plastic 2mm flat seld edge which matches the work surface laminate.

TOTE SIZE: 3" SW

25mm thick 45 lb density particle board core

16-gauge steel interior shell

cushioned 100% phthalate free vinyl exterior

WHITEBOARD BACK AVAILABLE!

The optional magnetic whiteboard back panel is not needed to increase rigidity. When no back panel is installed, the unit has a pass through design for access from both sides.
